

Exp. 7 Uploading Sequence Diagram in Azure DevOps Wiki

DEFINITION:

A **Sequence Diagram** is a UML diagram that represents the interaction between objects in a system in a time sequence. It shows how messages are passed from one object to another.

PURPOSE:

- To represent interaction between system components
- To show the sequence of messages
- To model dynamic behavior of a system

BASIC COMPONENTS (Notations):

1. Actor / Object

- Represents a user or system component
- Drawn as a **rectangle with name**

Example: User, System

2. Lifeline

- Represents the existence of an object over time
- Drawn as a **vertical dashed line**

3. Activation Bar

- Represents the time an object is active
- Drawn as a **thin rectangle on lifeline**

4. Message

- Represents communication between objects
- Drawn as **horizontal arrows**

Example: login(), validate()

5. Return Message

- Represents response from receiver
- Drawn as a **dashed arrow**

6. Self Message

- Object sending message to itself
- Drawn as a **loop arrow**

7. Destroy / End

- Represents end of object
- Shown with an '**X**' mark

HOW TO UPLOAD SEQUENCE DIAGRAM

AIM:

To upload a Sequence Diagram in the Wiki using Azure DevOps.

TOOLS REQUIRED:

- Azure DevOps
- Web browser
- Sequence Diagram image (PNG/JPG)

PROCEDURE:

Step 1: Open Azure DevOps

- Go to Azure DevOps
- Sign in with your Microsoft account

Step 2: Select Project

- Choose your existing project from the dashboard

Step 3: Navigate to Wiki

- Click on **Wiki** from the left menu
- If Wiki is not created:
 - o Click **Create Wiki**
 - o Select **Project Wiki**

Step 4: Create New Page

- Click on **New Page**
- Enter **Sequence Diagram**

Step 5: Upload Diagram

- Click on **Insert Image (image icon)**
- Choose **Upload from Computer**
- Select the **Sequence Diagram** file
- Click **Upload**

Step 6: Save the Page

- Click **Save**

Step 7: Verify Upload

- Ensure the Sequence Diagram is displayed correctly

RESULT:

Thus, the Sequence Diagram was successfully uploaded to the Wiki using Azure DevOps.

Project Page

The screenshot displays the Azure DevOps project page for a project named "Mapping government schemes to the beneficiaries". The interface includes a top navigation bar with the project name and a search bar. A left sidebar contains various tool icons. The main content area is divided into two columns. The left column, titled "About this project", contains a message encouraging users to help others get on board and a button to "Add Project Description". The right column, titled "Project stats", shows metrics for Boards (0 work items created, 0 completed), Repos (0 pull requests opened, 3 commits by 1 author), and Pipelines (100% builds succeeded). At the bottom of the right column, a "Members" section lists four team members: AP, SS, SA, and AM, each represented by a colored circle.
